

# **CATSKILL HI-LINE**

Bi-Monthly Newsletter

Volume 75—Issue 2 March/April 2019

# Powering Our Rural Communities

**SO DO THEY** 

#thankalinemar

### **April 8, 2019** is Co-op Lineworker **Appreciation** Dav

Please join us in thanking our lineworkers for all their hard work!

When the weather causes an outage, lineworkers respond to restore power as safely and quickly as possible. Even in normal conditions lineworkers maintain the safety and reliability of our electrical infrastructure.

Line Crew and Tree Crew members are at the heart of our safe and reliable service to members.

39 Elm Street, PO Box 471, Delhi, NY 13753

#### **April Billing Brings NEW Charges**

The Cooperative will be changing Monthly Fixed Charges on members' April electric bills.

Members in all residential and small commercial classifications will see a 50 cent per month increase in their Monthly Fixed Charge. For example, members in the 202/

Residential SC-2 rate classification will see their Monthly Fixed Charge change from \$26.00 per month to \$26.50 per month. This change is part of the 5-year rate plan announced in April of 2016. Members will see similar increases in 2020.

The net impact of the rate change on a typical residential member consuming 1,000 kWh

per month would be a very small decrease in cost, by 0.4%.

If you would like to discuss these rate changes, please contact CEO/General Manager Mark Schneider at 607-746-9282

# DCEC's Family Fun Day Saturday, 8/3/2019

For More Information See Page 3...

Phone: 607-746-2341 or 866-436-1223 Website: www.dce.coop SECURE PAYMENT BY PHONE 1-844-209-7162

#### **Summer Office Position Available**

The primary responsibility of this position is to assist with scanning and filing of both paper and electronic documents. The right candidate must be able to learn a complex software program and navigate appropriately.

#### **Desired Qualifications**

- Commitment to maintain confidentiality
- Experience in a fast-paced work environment or ability to learn quickly
- Strong organizational skills and attention to detail
- Excellent computer skills
- Willingness to learn complex software that is tailored to the electrical industry
- Strong interpersonal skills and a professional demeanor

This position starts in June and will last 3 to 4 months. The hours would be Monday - Friday 7:30 am to 4:00 pm, with a one half an hour lunch, and two 15 minute breaks.

Please send resumes with cover letters to Delaware County Electric Cooperative at P.O. Box 471 in Delhi, NY 13753 by Monday, April 15, 2019. You may also drop off your resume at our office location at 39 Elm Street in Delhi, NY.

#### The Tree Doctor

New for the 2019 spray season, Delaware County Electric Cooperative will be contracting with The Tree Doctor. The Tree Doctor, founded in 1961, has been providing tree and shrub care to their extensive client base. Based out of western New York they have developed a Vegetation Management arm responsible for the removal and management of invasive and other undesirable species in and along Electric Rights of Way. They will be providing this service for Delaware County Electric Cooperative this year. The Tree Doctor's crews will be applying the same herbicides that the Cooperative has applied in the past. For details about the process please visit our website at www.dce.coop/content/vegetation-management.

#### **Broadband Improves Job Opportunities for Member in Meredith**

DCEC members Landa and Ron Palmer struggled for several years with Internet service on their farm in the Town of Meredith. Every time there was a snowstorm they would have to go out and clean the snow off the satellite dish they were using for their service. They even cut down some trees to try and improve the satellite signal, to no avail.

The poor quality of their Internet made even basic tasks like managing their farm's record keeping a challenge. The poor quality also impacted Landa's work as a professor of nursing at SUNY Delhi. Half of her work involves on-line teaching. Landa was experiencing a lot of difficulties with the old satellite connection. On-line meetings and courses were not working from her home, leading to lost job opportunities.

So she was thrilled when discussions began about the Delaware County Broadband Initiative. Many things in her life changed when Broadband came to the farm. Interaction with her on-line students now is much smoother. She can take advantage of high-speed internet to educate students from all over the country. While many of her on-line students come from New York, there are many who do not. She currently has a student from Texas. Broadband has opened other job opportunities for her, too.

Landa still likes the face to face classroom experience she gets at SUNY Delhi, but also likes the flexibility to teach from home on-line. Recently, when she was ill, she was able to teach to her SUNY class from home without exposing them. The ability to work with faculty and students on-line has allowed her to work with a wide range of people. One professor with whom she is working comes from Israel.

The rest of the Palmer family also have found broadband helpful. As well as making the bill paying process much easier, their daughter-in-law, a teacher, found it useful for her graduate studies. Landa and her husband are the fourth generation on the family farm, and soon, their son will become the fifth generation to manage the family farm. With the challenges facing farmers in the area, having an efficient Internet connection that costs less than the old satellite system is greatly appreciated by the Palmers.

Held at the Courthouse
Square in Delhi
FREE ADMISSION TO ALL
FUN FOR ALL AGES

# Family Fun Day

HOPE TO SEE YOU THERE!

# April 8, 2019 is National Cooperative Lineworker Appreciation Day

For members that would like to write words of appreciation to DCEC's Line Crew and Tree Crew members there will be blank Thank You cards available at the DCEC Office in the lobby.

#### **Can You Help the Cooperative Locate Lost Members?**

Being a member of a cooperative does have many perks. One perk is that if you were ever a member of the Cooperative you or in some cases your estate could potentially receive money from the Cooperative. A cooperative is not an investor owned utility. It's a non-for-profit member-owned utility. This means your cooperative does not earn profits in the sense other businesses do. Instead, any margins, or revenues remaining after all expenses have been paid, are returned to the members in proportion to their usage of the Co-op's services through capital credits allocations and retirements. Margins are "allocated" or assigned to members who belong to the Cooperative during the year in which a margin is generated. The allocation is based on the member's proportion of revenue contribution for that year. Each member's portion is referred to as a "capital credit allocation." The cooperative has established a retirement cycle, approximately 27 years, for the retirement of capital credits. Under a 27-year cycle, capital credits that were allocated in 1991 would be retired in 2018. Capital credits of a deceased member are paid to the member's estate. What happens to a member's capital credits if the member moves away from the system? A member who terminates service no longer receives additional capital credits allocations. It is the member's responsibility to notify the Co-op of any changes in address or phone number so the member can be located when it is time for the Co-op to retire capital credits allocated to the member's account.

The following is a list of DCEC members whose capital credit checks have been returned to DCEC by the USPS due to an insufficient or outdated address. Please review the list and if you have any information that will be helpful to us in locating these members, please contact the DCEC office at (607) 746-2341 or email us at billing@dce.coop. For a complete list of Lost Members please visit our website at <a href="http://dce.coop/content/missing-members">http://dce.coop/content/missing-members</a>. Thank you for your

assistance.

# Member Advisory Group

**DCEC** will be establishing member advisory groups to offer **DCEC** members an opportunity to take an active role in providing feedback, increasing access to services, identifying innovative solutions, and improving the overall quality of energy efficiency and conservation services available to members. If you are interested in serving on a DCEC **Member Advisory Group** please contact **Administrative Assistant Alicia** VanZandt at (607) 746-9299.

#### Call Before You Dig!

As spring time comes upon us we all have projects that we've waited all winter to get started and the spring weather excites us to get outside. Many of these projects include digging or excavating. Some may be big projects and others just simple things that really don't seem like much at all, but, regardless of what we may be digging it is very important to call 811 before we begin.

811 or Dig Safely New York, as many of you know, is a free service for people to call to be sure that before you begin any project that requires digging or any type of excavation that the area to be excavated is clear of any underground utilities. These can include electric lines, gas lines, water lines, and other phone or communication cables.

It is the law to make these calls to prevent not only damage to utilities but, to also protect the public from any of the danger that can be caused by coming in contact with these types of underground facilities.

Any damage caused to any types of these facilities that have not been called in to be located and flagged or painted will be the responsibility of those doing the excavation to pay for the repairs.

Anyone who has an underground electric service going to your home can certainly call the Electric Cooperative to have this line located. This is a cost free service to our members and we encourage you to take advantage of this.

Remember as we prepare for our upcoming projects, before you dig call 811.

Know what's **below. Call** before you dig.

# **Please Make Room for Roadside Crews**

When the power goes out, so do DCEC's line crews. Lineworkers are often the first to respond after an outage occurs. They work tirelessly to restore power to the communities that we serve and to do so, they may need to use the roadside area to make repairs. At other times, it may be necessary for DCEC line crews to make use of the roadside area to construct new facilities or to maintain existing lines.

If you're traveling and you see DCEC crews working by the side of the road, we kindly ask that you slow down and move over if it is safe to do so, allowing them extra space to do their work. DCEC is committed to fostering a safe work environment for its employees. This extra precaution will help to ensure the safety of DCEC line workers and you, too.

Utility crews aren't the only ones who could use the extra space. Emergency responders, such as police officers, firefighters and emergency medical technicians often respond to emergency situations near busy roadways. We ask that you follow the same precautions previously mentioned to help keep these crews safe as well.

Providing our rural members with:

- **✗** Low-cost Electricity
- ✓ Community/Member Service

<u>Warrantied for LIFE</u> Please call for availability

Your local area dealer for electric

#### **Meter Safety**

During the summer months insects find safety in your electric meter causing meter malfunctioning. Please keep your meter free from overgrowth and plants that attract pests.

#### Is <u>Your</u> Location Number in This Issue?

Your service location number begins with two letters and is located on your bill next to your account number. Keep your eyes peeled for the "hidden location

number" in this newsletter! If you find the number, and it is your service location you will receive a DCEC fleece sweatshirt! *Good luck!* 

#### **Congratulations**

to all Co-op Staff Members for going 15 years without an on-road vehicle accident. Safe Driving is No Accident!

\*\*KEEP UP THE GOOD WORK!!\*\*

#### **Operations Update**

Line crews are wrapping up make ready in Masonville, Tompkins, Hamden, and Davenport on behalf of Delhi Telephone, Margaretville Telephone and Spectrum. Crew have regular work planned on Clark Road and Randall Hill in the town of Masonville.

Right of way crews will be trimming trees and mowing in Hamden, Franklin and Delhi.

### Generlink Transfer Switches

available for purchase at our office

Plugs into 200 amp Meter Socket 20 ft Cord to Connect to Generator Built in Surge Protector Accommodates 10,000 Watt Generator

For More Information or to Confirm Compatibility Please Contact DCEC at (607) 746-2341.

# DCEC Annual Meeting Friday, September 20, 2019

The Annual Meeting is your opportunity to ask questions about your cooperative. We value your input and are always looking for ways to serve you better.

Event begins at 4:30 p.m. with a Brooks BBQ Dinner and the Business Meeting to follow.

#### **Attention Members—Annual Meeting Agenda**

For those of you interested in adding an item on the agenda for the *Annual Meeting of Members* please review **Member**Participation in Annual Meetings of Members Policy listed on DCEC's website, www.dce.coop, under About Us >DCEC Bylaws & Policies > Public, Member & Government Relations > Member Participation in Annual Meetings of Members or call the office directly at (607) 746-2341.

CATSKILL HI-LINE is a Publication of the Delaware County Electric Cooperative, Inc. and is published bi-monthly for the membership. This newsletter has articles submitted by CEO/General Manager Mark Schneider, Engineering & Technology Manager Paul DeAndrea, Operations Manager Ryan Sullivan, Systems Coordinator Larry Soule, Billing Specialist Rosemary Alwine, and Administrative Assistant Alicia VanZandt.

The information contained herein is designed to promote action and discussion among members. Statements published do not necessarily reflect the official position of the Cooperative. The information has been obtained from sources believed to be reliable, and the editor has exercised reasonable care to assure its accuracy.
