DELHI, NY, March 31, 2021:

Delaware County Electric Cooperative (DCEC) Announces New CEO/General Manager

Delaware County Electric Cooperative (DCEC) Board of Directors is pleased to announce the appointment of new CEO/General Manager Christopher N. Evans effective Friday, April 2, 2021.

Evans has 26 years of experience in the energy industry, most recently with New York State Electric and Gas (NYSEG). Prior to that, Evans spent almost two decades working with electric Cooperatives. "I have 19 years with cooperatives and appreciate how each system has unique challenges and opportunities, rich histories and traditions but also the ability to independently and distinctively flourish by leveraging and living the seven cooperative principles," said Evans. "I'm extremely proud to be joining a team that operates with a clear focus on those we serve – our members, and the communities where they live, work, worship, and play."

Friday, April 2, 2021 also marks the last day of work for 32-year employee Millie Faulkner. Mrs. Faulkner began her Cooperative career as the General Clerk in 1989. She has also served as the Billing Clerk, Operations Clerk, Finance Manager, and most recently she was appointed as Interim CEO in November of last year. Because of her many years of dedicated service, she has developed an in -depth knowledge of the Cooperative's operations and business practices, which has been an enormous help leading the Cooperative as its Interim CEO/General Manager during this period of transition between permanent CEO/General Managers.

DCEC would like to welcome CEO/General Manager Christopher Evans to the team and wish Interim CEO/General Manager Millie Faulkner a happy retirement.
